PROBLEND™

PROFESSIONAL VEHICLE CARE SOLUTIONS

Since the mid-1960s Seatex has been manufacturing innovative, cutting edge car wash products, becoming a respected name in the industry. Seatex utilizes the latest formulation technologies and are continually improving product performance, increasing cost efficiency and maximizing our clients profits by reducing service related expenses. Economically priced, coupled with high performance, ProBlend Professional Vehicle Care Solutions is the result of this experience.

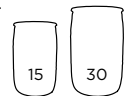

Problend's vehicle care line includes products for every aspect of the industry from Full Service, Self Service to Automatic Car Wash operations; all are formulated and packaged to Seatex's strict quality standards, as well as meeting the requirements and specifications of its partners. ProBlend partners benefit from product support, marketing assistance, and technical sales assistance, provided by Seatex. Seatex's high standards are reflected in ProBlend's high performance and low cost, truly "A Brand Built with You in Mind."

presoaks/detergents

HIGH PH PRESOAK

PB0015850AA • 5 GAL

Superior alkaline detergent designed specifically for use as the high pH presoak or detergent in the 2-step low pH/high pH wash process. Leaves a streak free surface. Excellent for use in both frictionless in-bay automatics, and friction assisted conveyor car washes. Blue in color.

HIGH PRESSURE SOAP II

PB0022736AA • 5 GAL

Heavy-duty detergent formulated to aggressively remove dirt, road film and grease while remaining mild to painted surfaces. Its polymeric additives produce a streak free surface, even in hard water. Use through a pressure washer to get a gleaming finish without scrubbing. Bubble gum fragrance.

LOW PH PRESOAK

PB0017845AA • 5 GAL

High quality phosphoric acid and solvent based detergent designed specifically for use as the low pH presoak or detergent in the 2-step low pH/high pH wash process. Excellent for use in both frictionless in-bay automatics, and friction assisted conveyor car washes. Green in color.

AB TRUCK WASH

PB0010600AA • 50 LB

Economical butyl based powder detergent extra rich in surfactants produces high-foam and rinses free. It effectively removes road film and has a moderate pH. Blue in color.

BLUE MAGIC

PB0011480AA • 50 LB

Premium powder detergent extra rich in surfactants, contains no hazardous ingredients, produces thick stable foam and rinses free. It effectively removes road film and has a moderate pH. Excellent for hand or pressure washing. Blue in color.

CW-21

PB0016505AA • 50 LB

Quality, economical powder detergent dissolves easily, is mild on finishes, removes road film, and emulsifies grease. Its polymeric additives produce a streak free surface, even in hard water. Use through a pressure washer to get a gleaming finish without scrubbing.

CW-31 SPECIAL

PB0016523AA • 50 LB

Heavy-duty powder detergent dissolves easily, is mild on finishes, removes road film, and emulsifies grease. Its polymeric additives produce a streak free surface, even in hard water. Use through a pressure washer to get a gleaming finish without scrubbing.

HIGH PH PRESOAK POWDER

PB0013374AA • 50 LB

Superior alkaline powder detergent designed specifically for use as the high pH presoak or detergent in the 2-step low pH/high pH wash process. Recommended for automatic car washes only.

tri-foam & foaming brush

RAINBOW SC (BLUE) w/BUBBLE GUM

PB0020646AA • 5 GAL

Super-concentrated brilliant foaming detergent and brush lubricant produces thick stable foam in all water conditions and works synergistically with Red and Gold to produce the ultimate vehicle finish. Excellent for use in full service, self-service and automatic car washes. Dark blue in color with bubble gum fragrance.

FOAMING BRUSH SC w/BUBBLE GUM

PB0014430AA • 5 GAL

Super-concentrated detergent contains soil suspension agents to keep dirt from re-depositing on surfaces and water conditioners to prevent lime deposits on glass and painted surfaces. It produces thick stable foam that may be applied by hand or through a pressure washer. Bubble gum fragrance.

RAINBOW SC (GOLD)

PB0020655AA • 5 GAL

Super-concentrated brilliant foaming detergent and brush lubricant produces thick stable foam in all water conditions and works synergistically with Red and Blue to produce the ultimate vehicle finish. Excellent for use in full service, self-service and automatic car washes. Dark orange in color.

PINK FOAM BRUSH SC w/CHERRY

PB0018204AA • 5 GAL

Super-concentrated detergent formulated to aggressively remove dirt, road film and grease while remaining mild to painted surfaces. Its polymeric additives produce a streak free surface, even in hard water. Use through a pressure washer to get a gleaming finish without scrubbing. Cherry fragrance.

RAINBOW SC (RED)

PB0020641AA • 5 GAL

Super-concentrated brilliant foaming detergent and brush lubricant produces thick stable foam in all water conditions and works synergistically with Blue and Gold to produce the ultimate vehicle finish. Excellent for use in full service, self-service and automatic car washes. Dark red in color.

drying agents

CHERRY SPRAY WAX

PB0021950AA · 5 GAL

Excellent quick drying agent for automatic, coin-operated, and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Red in color with a cherry fragrance.

CLEAR COAT POLISH (RED)

PB0012135AA · 5 GAL

Super strength, foaming, quick drying agent for automatic, coin-operated and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Red in color with a cherry fragrance.

CINNAMON SPRAY WAX

PB0021951AA · 5 GAL

Excellent quick drying agent for automatic, coin-operated, and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Red in color with a cinnamon fragrance.

HIGH PRESSURE WAX

PB0011980AA · 5 GAL

Excellent quick drying agent for automatic, coin-operated, and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Red in color.

CLEAR COAT POLISH (BLUE)

PB0012140AA · 5 GAL

Super strength, foaming, quick drying agent for automatic, coin-operated and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Blue in color with a cherry fragrance.

HIGH PRESSURE WAX SC

PB0021955AA · 5 GAL

Excellent super-concentrated quick drying agent for automatic, coin-operated, and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Red in color.

CLEAR COAT POLISH (GOLD)

PB0012145AA · 5 GAL

Super strength, foaming, quick drying agent for automatic, coin-operated and full service car washes. This technologically advanced compound leaves a protective coating that repels water and leaves a high gloss spot-free finish on painted surfaces at high dilutions. Gold in color with a cherry fragrance.

wheel & tire

WHITEWALL DELUXE

PB0022981AA • 5 GAL

Hyper-concentrated, high solvency, wheel and tire scrubbing compound quickly penetrates and emulsifies the toughest road film and brake dust. Intense yellow in color with a pine solvent fragrance.

WHITEWALL PREMIUM

PB0022985AA • 5 GAL

Super heavy-duty wheel and tire scrubbing compound quickly penetrates and emulsifies the toughest road film and brake dust. It can be further diluted when applying to tires and wheels. Intense yellow in color.

specialty

BUG OFF

PB0022220AA • 5 GAL

Quickly loosens dirt and softens bugs on surfaces. It contains soil suspension agents to keep dirt from re-depositing on surfaces and water conditioners to prevent lime deposits on glass and painted surfaces. Dark red in color.

DRESS ALL PROTECTANT

PB0013938AA • 4/1 GAL

Special blend of silicone emulsion and additives provide superior shine, good wetting (lay down), excellent feel and conditioning, plus UV protection. This solvent-free product is excellent for interior applications and as a tire dressing. Light green in color with a spearmint fragrance.

COMBO LIQUID

PB0011445AA • 5 GAL

Super-concentrated alkaline source. Combined with Combo Powder, this system produces the highest concentration of detergent available on the market with the lowest possible end use cost, giving the operator total control over detergent strength, foaming characteristics, and cost. Dark purple in color.

LAUNDRY BRIGHT

PB0012660AA • 50 LB

Specially blended, heavy-duty powder laundry detergent contains an optical brightener, water conditioners, soil dispersants and is free rinsing. Its foam controlling formulation is great for use in both front and top loading washing machines. Citrus fragrance.

COMBO POWDER

PB0011355AA • 50 LB

Super-concentrated detergent. Combined with Combo Liquid, this system produces the highest concentration of detergent available on the market with the lowest possible end use cost, giving the operator total control over detergent strength, foaming characteristics, and cost.

LAUNDRY PLUS

PB0017010AA • 4/1 GAL

Concentrated liquid detergent contains non-ionic and anionic surfactants, optical brighteners and powerful dispersants that emulsify and suspend soils. Perfect for use as a towel and rag cleaner where high concentrations of oil and grease soils are present. Blue in color with a Citrus fragrance.
