

DAILY CLEANER & DEGREASER

hard surface floor cleaner
limpiador de piso para superficies duras

GENERAL DESCRIPTION:

Use as the first line of defense in the battle against slippery floors. This hard surface floor cleaner greatly improves surface traction, reduces the occurrence of polymerization, when used daily, and leaves surfaces residue free.

APPLICATIONS:

- Emulsifies grease and oil
- Contains no phosphates, butyl or bleach
- NSF certified

TYPICAL PROPERTIES:

Appearance	Liquid – Clear, Green
Flash Point	No information available
Odor	Citrus
pH	<1.0
Specific Gravity	No information available
Water Solubility	Complete

DIRECTIONS:

Daily Maintenance: Dilute 2 oz. per gallon (1:64) with water. It is recommended that a proportioning system is used. Using a clean, heavy-duty cotton or blend mop head and commercial-type mop bucket, thoroughly mop floor. Rinse mop head regularly and wring out excess solution.

Heavy Soil or Degreasing: Dilute 4 oz. per gallon (1:32) with water. Apply solution to floor using a mop or foam gun. Let solution soak for 5 to 10 minutes or longer. More dwell allows the solution to work on dirt and grease build-up. Scrub the floor thoroughly using a deck brush or electric scrubber. Rinse and damp mop dry with a fresh mop and clean water. If cleaning a large area with adequate drainage, rinse, squeegee into drain and damp mop dry.

Auto Scrubber Machine (with wet Vacuum Attachment): Dilute 1 oz. per gallon (1:128) with water. Clean floor pursuant to the machine manufacturer's instruction.

SAFETY ON MATERIALS:

Always test on an inconspicuous area to make sure the cleaning agent does not adversely affect or damage the surface to be cleaned.

PRECAUTIONS:

DANGER: Causes severe skin burns and eye damage.

HANDLING and STORAGE:

Do not breathe mist. Wash face, hands and any exposed skin thoroughly after handling. Use personal protective equipment as required (See Section 8 on the SDS). Avoid release to the environment. Store in a well-ventilated place. Keep container tightly closed. Keep out of reach of children. Dispose of contents/container to an approved waste disposal plant.

CONTAINS:

Water (CAS# 7732-18-5); Linear Dodecyl Benzene Sulphonic Acid (CAS# 27176-87-0); Glycolic Acid (CAS# 79-14-1); Nonylphenol Polyethylene Glycol Ether (CAS# 127087-87-0); Citric Acid (CAS# 77-92-9).

PRODUCT IDENTIFICATION:

Bulk Product Number: 21150
