

Cruise with Confidence

Act Now with Actizone® F5:
24-Hour Residual Disinfectant
24-Hour Residual Sanitizer

Cabins

Cabins should be the cleanest area for the comfort and safety of personnel and passengers. Actizone® F5 keeps killing 99.999% of bacteria for up to 24 hours³.

Restaurants

Restaurant surfaces and tables must be continuously cleaned and sanitized during bustling mealtimes. With Actizone® F5, surfaces¹ remain sanitized from customer to customer, as well as between restaurant shifts.

Common Areas

Many people come into contact with a variety of surfaces in common areas, including door knobs, handrails, elevator buttons, countertops and more. With Actizone® F5, these surfaces¹ remain disinfected for up to 24 hours even after multiple touches.

Washrooms

Washrooms are of the utmost importance to keep clean and disinfected, as viruses and bacteria are often prevalent. Actizone® F5 is a one-step cleaner and broad-spectrum disinfectant that keeps surfaces free of mold and mildew growth for up to 7 days¹.

General

Cruises cannot afford delays or cancellations due to unreliable or poor disinfection practices. Avoiding these hindrances requires reliable, long-lasting antimicrobial solutions, especially in confined spaces. Actizone® F5 kills Norovirus on hard, non-porous surfaces⁴.

Introducing Actizone® F5, a 3-in-1 surface cleaner disinfectant: cleans, disinfects and protects surfaces from germs for up to 24 hours. Actizone® F5 cuts through grease and grime fast, without leaving a sticky residue. Designed specifically to provide an efficient cleaning performance together with disinfection of harmful bacteria and viruses—including Hantavirus⁵, Norovirus, cold and flu viruses, the monkeypox virus and variants of SARS-Cov-2⁴. A unique one-step disinfectant cleaner that outperforms existing market benchmarks.

24-Hour Antimicrobial Protection³

Actizone® technology traps antimicrobials by forming an invisible, abrasion-resistant, protective film on surfaces. This revolutionary technology eliminates 99.999% of bacteria for 24 hours.

Disinfects Bacteria and Viruses⁴

Powerful infection prevention product that kills more than 99.9% of harmful bacteria and viruses including non-enveloped rotaviruses, Norovirus, H1N1, RSV, Human Coronavirus and SARS-CoV-2.

Residue-Free Shine

Not only exhibits proven antimicrobial efficacy but also provides an optimal clean, leaving hard, non-porous surfaces with an excellent shine and a residue-free finish.

Proprietary Technology

Combines decades of innovative formulation experience, a proprietary, long-lasting technology and a state-of-the-art cleaning system.

1. When used as directed on hard non-porous, non-food-contact surfaces.

2. List N - Disinfectants for coronaviruses (COVID 19); List Q - Disinfectants for emerging viral pathogens.

3. Kills 99.9999% of *Staphylococcus aureus*, *Pseudomonas aeruginosa*, and 99.9% of Human Coronavirus Strain 229E in 10 minutes on hard non-porous surfaces for 24 hours

4. Kills 99.9% of *Staphylococcus aureus*, *Pseudomonas aeruginosa*, *Salmonella enterica*, Influenza A (H1N1) Virus, Rotavirus, Human Coronavirus Strain 229E, Respiratory Syncytial Virus (RSV) and Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) in 5 minutes and Norovirus (spray method only) in 10 minutes on hard non-porous surfaces

5. Effective against viruses similar to Hantavirus when used in accordance with the directions for use against Human Rotavirus on hard, non-porous surfaces.
