## Vacuums & Sweepers

V12ES 675404 (12" Single Motor)

V15ED 675405 (15" Dual Motor)

**Upright Vacuums.** The machines offer powerful vacuum capabilities with the dynamically balanced 5,000 rpm brush roller for great cleaning effectiveness. The low profile, adjustable handle and onboard tools give the operator unmatched cleaning ergonomics.

Standard 98% at 0.3 micron filtration with electrostatic microfilter or 99.97% with optional HEPA filter.

HEPA

SW16B L-ION 675403

**15" Lithium Ion Sweeper Vac & Dry Cleaning System.** The 4 wheel stance keeps the base level and in contact with the floor surface for exceptional recovery. The patented dual brush system releases tough soils and the filtration system achieves efficiency of 99% at 0.5 microns.

Patented 2,000 rpm dual brush sweeping system with powerful active vacuum system. Extremely quiet: 65.3 dBA noise level.

SW20B 675400

**Wide Area Vacuum & Carpet Cleaner.** The machine comes well-equipped with onboard tools and is available with an optional attachment which converts the SW20B into a encapsulation carpet cleaner.

1,200 rpm brush to release soils from carpet. Washable HEPA filter (optional). Up to a 90 minute run time and quiet 69 dBA noise level.

HEPA

WAV-30 655402

**30" Wide Area Upright Vacuum.** The WAV-30 brings unmatched value in the world of low profile wide area vacuums. When investigating vacuums in this class, you'll find this is the most affordable combination of performance and convenience features on the market, including 2,500 rpm brush speed combined with high airflow from dual 1 hp vac motors, unique standard tool set including turbo head floor tool, and live suspension for optimal recovery on uneven floors.

Low noise at 70 dBA. Ergo handle that folds flat for easy storage or transport.

HEPA

BPV L-ION 675402

**Lithium Ion Backpack Vacuum.** The Pacific BPV L-ION ultra-light battery backpack vacuum has been designed in detail to achieve high performance with ergonomic and comfort in mind. The power lithium-ion battery source provides 30 minute run time with 90 minute recharge time, lifetime of 800 recharging cycles.

5 stage filtration system with optional HEPA filter. Ultra light weight of 10.8 lb with battery included. Daytime cleaning with low 64 dBA noise level.

WDV-18 695401

**18 Gallon Wet/Dry Vacuum.** The WDV-18 brings unmatched innovation when it comes to wet/dry vacuums. Simple innovation and construction flow through this product, and it brings new ingenuity to the industry's most helpful tool. With the impressive tilt-to-drain feature, this product is a step above the rest. Convenient cord wrap on vacuum handle. Safe & simple use lever to engage squeegee head.

**ACCESSORY KIT 695002**

Kit includes 10 foot hose, 2 cuffs, 2-piece aluminum S-wand, crevice tool, dusting brush, upholstery tool, squeegee tool, floor brush, and hard floor tool.

SCE-11 F1190W

**11 Gallon Self-Contained Extractor.** It is great to pass the test in a lab setting, but you know you've got the right tool for the job when it proves itself in the field, too. This machine has the metal to stand-up to the challenges of everyday usage with its corrosion and dent resistant tanks, vac shoe and floating brush deck. You can also fit the SCE-11 with a wand or upholstery tool to expand its applications and add value for you and your operations.

## Auto Scrubbers

S-20 DISK 855401

**20"/510mm Walk-Behind Auto Scrubber w/Pad Assist.** This machine features specifications and attributes you would find in the premium price ranges, but at a mid-market price. The S-20 offers key performance features such as Batteryshield® - the first integrated automatic wet battery protection system, up to 3.5 hours of run time, on-board "1,2,3-step" visual operation guide, and optional Hydrolink® - single-point battery watering system.

Clean on your own schedule with sound levels down to 60 dBA.

VS15 L-ION 675401

**Upright Multi-Functional Scrubber/Drier.** The Pacific VS15 is the perfect machine for cleaning restrooms & confined spaces. The cleaning components, squeegees and roller can be easily removed without any tools for a quick rinse after using the machine.

1500 rpm brush roller speed for aggressive cleaning. Layflat handle and low base height for access under low furniture and overhangs. Quiet 69 dBA sound level for daytime cleaning. Available with HEPA filtration.

## Floor Machines

FM-20HD 535411

**Single Speed Floor Machine.** Rugged construction has been in Pacific's floor machine DNA since the company's origin. With this heritage and experience as its foundation, Pacific's line up also brings new ingenuities to the industry's most essential tool. From the industry's first "safe start" indicator to its less than 58 dBA noise levels and an instantly adjustable handle, Pacific's floor machines are Purpose Built® to be a step above the rest.

FM-ME 515451

**Mini-Edger Floor Machine.** There are not many tools more flexible than the Pacific Floorcare® FM-ME floor machine and edger unit - plus, it delivers industrial performance. The mini-edger truly transfers many of your manual detail cleaning activities into an automated cleaning tool. Use the FM-ME on hard floors, carpets, baseboards, stair treads, elevator tracks and other hard to reach, tight spaces - you'll run out of time, before you'll run out of uses!

Heavy-duty performance with almost 20 lb of focused down pressure at 765 rpm. Mal-Grit™ brush and splash guard included.

B-1500 545401

**High RPM Cord-Electric Burnisher.** If you are in charge of a high-gloss floor, get a tool that will deliver the reflective finish everyone appreciates and expects. The B-1500 "fits the bill" with 1,500 rpm delivering pad tip speeds over 7,850 ft/min, convenient and instant handle adjustment from the operator position, carbon brush wear indicators, and a rugged, long-life construction with a 10-year base warranty.

Safety interlock triggers with an additional upright lock-out - unit operates only when the operator is ready! Unique and rugged wrap around cord clamp and flare strain relief.

## Air Misters

AM-15 685401

**15 Gallon Air Assisted Misting Machine w/25 ft line.** The AM-15 is a versatile misting unit with effective droplets at 15 microns and overall capacity provides superior productivity for large area disinfection. The unit will out perform the commonly used handheld machines on the market today. The large see through 15 gallon tank provides continual usage - a one stop chemical source. Fill it and disinfect your entire facility.

Draws from pre-mixed disinfection chemical. On-board air compressor and 60 dBA noise level.

100 FT DISCHARGE HOSE 689001
