

WORKFORCE™

Dynamix Steamer/Boiler Descaler

Dynamix is a powerful, professional grade descaler that fights and removes water scale and lime build-up from steamers and boilers.

- Keeps steamers and steam cooking equipment operating at peak performance
- Penetrates and quickly removes mineral deposits and lime scale
- Concentrated formula delivers powerful cleaning with efficient use cost
- Competitive brands use 8X as much chemical for the same result

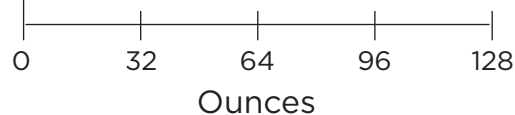

Same result with a fraction of the chemical!

Ounces of Chemical Needed
