

# Charging Station CCS-02

## Key Features

### ■ Hassle-free maintenance with charging station

The charging station has the feature of automatically charging for the cleaning robots. When the battery is low, the robot has the ability to automatically return to the charging station to recharge itself, and once the charging is complete, it can automatically resume its previous task. Discover hassle-free maintenance like never before with our innovative charging station.

### ■ Compact design

The charging station saves space, offers flexibility, and ensures efficient cleaning. Its small footprint allows easy placement in any location, and optimal utilization of available floor area. The design provides convenience and enhances overall cleaning efficiency.

## Specifications

Dimensions (Main body)	16.5*8.9*24.4 in   420*225*620 mm
Weight	60 lbs   27 kg
Input Voltage	100-240 V a.c.
Max.Power	1.34 hp   1000 W
Output Voltage	24 V d.c.
Operating Temperature	14~113 °F   -10 °C ~45 °C
